

REGATTA WAS BIG SUCCESS

Boats, Wind and People Were
There in Plenty.

Contents Included Races for Sail and
Power Boats of All Sizes, and
Water Sports by Boys from
Lake Champlain Camps.

"Hurrah for the little red boat, look at her go!"

"Faster, faster, Jimmie, Gee, look at the kid swim!"

"Wind enough for once and the best regatta we ever held!"

These and a half hundred other remarks of the same kind were heard along the lake from all day Tuesday and served to punctuate the biggest and most successful annual regatta ever held by the Lake Champlain Yacht club.

Motor boats charged, chugged, long racing boats flew by like a streak of lightning and sail boats of every size and description scudded about the harbor in all directions. Large private yachts and launches dotted the harbor and the crowd came and admitted to their heart's content.

It was a gala day for the boat lovers of Burlington as well as for campers from far and wide, who came to join in the festivities in every part of the city. The regatta was held on the spacious house boat to the canoe, hardly the size of a pugilist and propelled by a motor a few sizes smaller than that.

One man brought his family in a row boat propelled by a hand apparatus which carried them along at about one mile every three hours but they got there just in time. Boys swam, sailors sailed, motorists motored and the crowd cheered from the time of the opening gun until the last boat in the last event had crossed the finish line.

It was an ideal day for the regatta. Clouds hid the sun, nearly all day, adding to the comfort of the spectators and what was of more importance, the wind blew steadily from the south all day. It was a good sailing breeze and, better yet, there was plenty of it.

The number of people who attended the events of the day far outnumbered the most sanguine expectations of the members of the club. In fact there were so many that it was next to impossible to entertain them all. Nearly 100 were seated with a light lunch at noon and the crowd in the afternoon far exceeded this number. The club house and dock were packed to overflowing and many sought a place to view the races on the roof. Those who were not fortunate enough to get inside the gate stood up along the dock in large numbers.

The committee in charge of the entertainment deserves great credit for the manner in which everyone was taken care of and a pleasing feature of this part of the regatta was the trips on the steamer Marquette up and down the harbor, which were enjoyed by a large number. The lunch served by M. Dorn, the committee in charge, was composed of A. J. Taylor, Dr. C. S. Nims, Dr. J. H. Jackson, Wm. H. Freeman and C. H. Jones.

RACING EVENTS

Shortly after nine o'clock the first race was held for the opening race. This was open to all sail boats of 22 feet and upwards, the course to be covered with the wind. This race was won by the "Glean," owned by W. T. Foote, of this city, and the "City," owned by W. T. Foote, of Port Henry, owned by W. T. Foote, of Port Henry, owned in second. The first prize was a cup presented by Commodore George H. Allen and the second was a cup.

The second race, open to all sail yachts 12 feet and under, the course to be covered with the wind, was won by the "Nymph," owned by J. W. Webb, of Shelburne, and sailed by Fred Patterson, and the "Vampire," owned by Arthur E. Sherwin of this city, took second. First prize, cup, second prize, brass anchor light. Events three and four were not run off.

The fifth race for yachts from 21 to 30 feet was won by the "Dorothy," owned by Dr. A. W. Soule of this city. The "Polywag" was second but did not finish. The prize was a cup.

The sixth race was not run according to schedule and the seventh was a special race won by the "Nymph," owned by W. T. Foote. The "Blinking," owned by George Foote of Port Henry, N. Y., took second in this race. Both prizes were cups.

The eighth race, open to power boats, was won by the "Blanche," owned by C. A. Thompson of Burlington. The "Falcon," owned by A. A. Smith, also of Burlington, finished second. The prize were cups.

The ninth was won by the "Hyde Gate," owned by C. J. Gostworth of Port Henry, and the "Huntan," owned by J. Sherman of Port Henry finished second. The prize were cups.

In the tenth race the "Phyllis," owned by Mr. Brewster, finished first, the "No Name," owned by Frank Spaulding second.

The 11th race was a special for cruising boats, the "Abbeigne," owned by George D. Jarvis, finishing first and the "Zephyr," owned by H. H. Baker, second. The prize was a special prize.

The 12th event was won by the "Synchro," owned by Mr. Thursty, finished first by the "Tahiti," owned by A. O. Palmer.

In the 13th event the "Myrtle" finished first and the "Kill Kare" second. The special power boat race was won by the "Swizzle," owned by D. J. Halpin, and the "Glean," owned by W. T. Foote, finished second.

The tandem canoe race was won by Hulbert and Mayer. Angus and Russell finished second. Single canoe, Hulbert, first; Russell, second.

ANNULAR HALL

The annual regatta hall was given Tuesday eve, and was very largely attended. Music for dancing was furnished by the Montpelier Military band orchestra. The evening arrangements were in charge of the house committee, composed of J. E. Trull, chairman, Karl W. Nims and Dr. C. A. Foote.

REGATTA NOTES.

The Hantam made a big hit with the crowd. So did the motor canoe.

The boys from Camp Champlain, Kill Kare and Iroquois can swim like beavers. Commodore George H. Allen and party witnessed the events of the day from the deck of the Alpha.

Frank H. Webb and party witnessed the afternoon events from the Ausable. Mr. and Mrs. Brewster were in port yesterday on the Phyllis, coming from their camp on the Richelieu river. Mr. Brewster is the son of Dr. Brewster, who has attended nearly every regatta held in the past few years.

The regatta committee was composed of A. J. Taylor, Dr. C. S. Nims, Dr. J. H. Jackson, Wm. H. Freeman, C. H. Jones and Dr. F. W. Baylies. The success of the regatta is due to a great extent to the hard work of Mr. Taylor and J. E. Trull.

Notwithstanding the fact that the weather suffered some damage to her bowsprit and top mast and the Dorothy broke a throat halyard block, both boats were "up and coming" when their race was called.

A feature of the regatta was the free-for-all between the Hantam, owned by J. Sherman of Port Henry, the "Dorothy," owned by W. T. Foote, and the "Swizzle," owned by the Grant. The race was over a five-mile course and was run in ten minutes and 32 seconds. The "Swizzle" winning easily by three-quarters of a mile. This race is the fastest that was ever run on Lake Champlain.

MASONS SUE THE CITY.

Sue to Recover Money Recently Paid on Taxes.

The case of Grand Lodge of Vermont, E. & A. M., Lee R. Thibault et als vs. the city of Burlington was entered Tuesday in Chittenden county court. This is an action to recover the money recently paid for taxes on the Masonic Temple for the years 1906, 1907 and 1908, together with costs and expenses. The amount involved is \$1,924.84 and was paid a short time ago under protest to avoid the sale of the Masonic Temple property at public auction, the property having been advertised for sale by Constable Florence.

The following other cases were entered in court Tuesday.

Buell Thomas and Mina Thomas of Westford vs. R. O. Strong and Mira Strong, action of assumpsit, ad damnum, \$1,000.

Edward Lynch by next friend, Peter Lynch vs. Morgan Brothers, action to recover \$500 for injuries received by the plaintiff in the defendant company's mill. Leonard A. Johnson vs. J. P. Madigan, apt. action of false warranty and deceit, ad damnum, \$200.

Peter Bordo of Colchester vs. Charles Nichols of Essex, apt. action of trespass, ad damnum, \$250.

DROWNED AT WORCESTER.

Albert Hosmer, Who Married a Burlington Girl, the Victim.

Word was received in the city Monday by Carl H. Hawks of the death by drowning in Worcester, Mass., of Albert Hosmer, whose wife is Mr. Pliska's sister, Beatrice Pliska Hosmer, formerly of Burlington. Mr. Pliska left Monday for Worcester.

Mr. Hosmer was one of four victims, all young men, who sank to their death in Worcester ponds Sunday. He was 23 years of age and was employed as a carpenter in the Worcester Consolidated Street Railway company's car barn. Sunday morning he went swimming in Coes pond with several friends. He could not swim but waded out until the water was up to his chest and then stopped upon an old stump which was in the bottom. Jumping off the further side he went into a hole 16 feet deep and never came to the surface. His body was recovered by the police about 20 feet from the spot where he sank.

VERMONT TRADE REPORT.

Conservation Prevails among Buyers and Orders are Smaller.

Reports to Bradstreet's for the week show but little change, although in some sections of the State the tendency to increase working period at factories is noted. Some factories which have been closed for a short time are to resume, but general tendency is to work only on orders. Retail merchants report stocks in good working condition and but little will be carried over. Some closing out sales have worked off what surplus stock there is on hand. Buying for fall will be different from that of last year. Reports show smaller orders will be placed, conservatism prevailing. Furniture dealers note sales are a little under same period of last year and stocks on hand are large. In this particular line it is not expected buying will be very large. Retail dealers in rubber goods find good demand and trouble is experienced in obtaining goods from manufacturers, presumably by reason of good demand.

Wholesale dealers in food stuffs report July business has been fully up to that of last year, but retailers have been less eager to place orders for future. With opening of present month wholesalers, who have been holding travelers back, will have men out to secure fall business. Outlook for fall trade is optimistic in the main. Collections show falling off of 10 to 15 per cent., on average, over what they were a year ago, although in some instances reports show they are coming in well and are in healthy condition.

Month of July has been an exceptionally hot and dry one, tempered with a few rains. Extremely dry spells did damage to hill farms but crops are doing well, corn and oats particularly. An average crop of hay is reported and quality is said to be better than last year. Short crop of early potatoes has had tendency to force prices up for this product.

LAKESIDE SCHOOL HOUSE

Commissioners Asked to Reconsider the Matter of Location.

Meetings of the City Council, Board for Abatement of Taxes and Aldermen—Financial Standing of Departments.

Meetings of the city council and the board for the abatement of taxes and the regular meeting of the board of aldermen held Monday evening. The council considered briefly the matter of the site for the proposed new Lakeside school house. Alderman Russell expressed himself as opposed to the site on Pine street which the school commissioners favor, on the ground that it was not in the midst of attractive or sanitary surroundings. He also doubted the legality of retraction proceedings to obtain this site as it might be hard to establish the proof of necessity. The price asked for the land \$2,000, he considered exorbitant. On his motion, the matter was referred back to the school commissioners, with a request that they report at an adjourned meeting of the council, to be held August 12.

The board for the abatement of taxes held a meeting and some of the tax lists were gone over but no taxes were abated. This body adjourned to meet again August 12. An effort is being made to get the city back into the State in anticipation of final settlement with former contractors.

The aldermen transacted the usual amount of routine business. Upon recommendation of the board of the commissioners, the salary of Chief Engineer

C. A. Niles was increased to \$1,200 per annum. The petition of the Burlington Traction company for a switch on North street near North Champlain street, to serve in place of the one on North avenue, was referred to the street commissioners with instructions to report at an adjourned meeting to be held August 12.

A resolution for the payment of \$200 to Mrs. Lattulippe in final settlement for injuries sustained by her through a fall on the sidewalk was referred to the city attorney.

The following resolutions were adopted:

One requesting the street commissioners to report at the next meeting the progress made in the matter of the opening of Depot street.

One requesting the city engineer to prepare plans for a sewerage system to accommodate the property holders in the vicinity of Shelburne street and Park avenue.

One authorizing the curbing, guttering and sidewalking of a portion of Walnut street.

One authorizing the city clerk to have printed and posted the list of voters eligible to vote in the coming freemen's meeting.

A petition for an electric light on Maple street between South Willard and South Union streets was referred to the electric light commissioners.

Certain bills for supplies in connection with the filtration plant were ordered to lie on the table.

CITY ATTORNEY J. H. Macomber, to whom was referred the matter of licensing street musicians, reported that, in his opinion, the city charter gave the board no such power.

The matter of granting flycatcher licenses to Mr. Boster, the flycatcher to be operated on Intervale avenue, was ordered to lie until the next meeting.

Certain residents of the locality have objected to the stable on account of the close proximity to their houses.
